PROFESSIONAL SUMMARY

- Junior PHP Backend Developer with hands-on development experience and professional training in PHP, MySQL, SQL, Object-Oriented Programming, database fundamentals, CRUD operations, REST APIs, and Git & GitHub.
- Completed professional development in Programming Fundamentals, Front-End Development, and Backend Development with PHP, building a strong foundation in programming concepts, data structures, algorithms, databases, and software development practices.
- Gained one year of practical Front-End development experience at Smartive, working with HTML5, CSS3, JavaScript, React.js, responsive design, Git/GitHub, and API integration.
- Previous IT Support experience with Active Directory, Group Policies, server administration, and technical troubleshooting, providing strong problem-solving, analytical, communication, and teamwork skills.
- Seeking a Junior PHP Backend Developer opportunity to apply backend development skills, build scalable and reliable applications, contribute to development teams, and continue growing professionally.

CORE COMPETENCIES

- PHP Development
- Object-Oriented Programming (OOP)
- MySQL & SQL
- Database Fundamentals
- REST APIs
- CRUD Operations
- Backend Development
- API Integration
- MVC Architecture
- Git & GitHub
- Debugging & Troubleshooting
- Data Structures & Algorithms
- Problem Solving
- Software Development Practices
- Front-End Development
- Responsive Web Design

TECHNICAL SKILLS

Front-End Development

- HTML5
- CSS3
- JavaScript (ES6+)
- React.js
- TypeScript
- Bootstrap
- Tailwind CSS
- Sass
- jQuery
- DOM & BOM
- Responsive Web Design

Programming & Backend

- PHP
- Object-Oriented Programming (OOP)
- MySQL
- SQL
- Database Fundamentals
- CRUD Operations
- REST APIs
- API Integration

- Git & GitHub
- Visual Studio Code
- Microsoft Excel
- Microsoft Access
- CRM Systems
- Active Directory
- Group Policy

PROFESSIONAL EXPERIENCE

SMARTIVE — Cairo, Egypt 2024 – 2025

Front-End Developer

- Developed responsive web interfaces using HTML5, CSS3, JavaScript, and modern front-end technologies.
- Built interactive and dynamic web features using JavaScript and ES6+.

- Developed reusable, component-based user interfaces using React.js.
- Worked with API integration to connect front-end interfaces with application data and services.
- Used Git and GitHub for version control, code management, and project collaboration.
- Troubleshot and resolved front-end issues to improve functionality and user experience.
- Collaborated with team members to implement project requirements and deliver functional web solutions.

LAMA MEDICAL 2023 – Present
Sales Representative → Area Manager → Sales Supervisor
- Progressed through multiple roles, demonstrating adaptability, ownership, analytical thinking, leadership, and problem-solving skills.
- Used CRM systems and Microsoft Excel to manage data, generate reports, and monitor business performance.
- Led and coached a 6-member team, developing strong communication, teamwork, planning, and leadership skills.

AHL MASR FOUNDATION 2020–2022
Usharing / IT Support Roles
